

## Spring Basket Home Project

Spring has sprung! We have been discussing all the changes that happen in spring such as warmer weather, flowers blooming, birth of animals, green grass, trees blooming, etc. We would like to have each child decorate a spring basket.

Your child's project is to decorate the attached basket with the family. You may choose to make a pattern, make a spring scene, add decorated eggs, etc. You might choose to paint the basket or add special paper such as tissue paper. Other ideas could be to use lace, buttons, small objects, etc. Don't forget to put your name on the back.

This assignment is due \_\_\_\_\_.

# April Basket
