

Homework Week 4

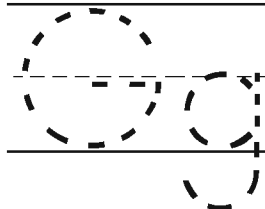

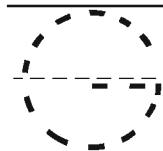

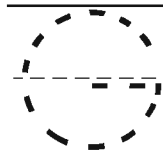

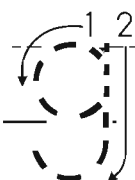

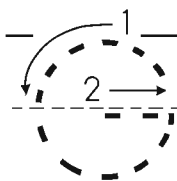

1. **Writing** Practice writing the letter "Gg" using the examples to correctly form each letter. Start at the top of the line for the capital G and at the dotted line for the lower-case g. Remember to correctly space each letter and do your best work.
2. **Words That End with T** Follow the directions given and color each picture that ends with a "t" sound. Put an X on pictures that do not end with a "t" sound. Can you think of other words that end with this sound? Can you think of words that begin with the "t" sound?
3. **Autumn Glyph** What is a glyph? The word glyph comes from the word "hieroglyphics" or picture writing. It is like a graph that gives information in the form of a picture. For our glyph, we will compare the trees and be able to tell information about each student. The directions for the first question are to color the apples red if you would rather play a sport, color the apples green if you would rather pick apples or color the apples yellow if you would rather go to a playground. All of the apples on your tree should be one color only. Complete the page following the directions given to show what you like to wear in cool weather, your favorite special fall day and if you have an odd or even number of people in your family.
4. **Halloween Writing** Trace the beginning letters of the sentence and finish with your own words. Use your best writing! Illustrate your story with a picture of you in your costume. We will put all of our stories together in a special class book!
5. **Writing Numbers 1-20** Follow the example in the first set and write numbers 1-20 in the next two sets of boxes. How high can you count? Can you count to 100 by 5s or 10s?
